FULTON EXPRESS OFFICE ROBBED

Amount Estimated at About \$10,000
Taken Saturday Night.

The biggest robbery that has occurred in Fulton took place Saturday night between 9:30 and 10 o'clock, when unknown parties entered the express office, unlocked a messenger safe and made away with currency amounting to \$5,000 or \$10,000. This amount is merely a supposition, as express officials decline to discuss the case, and many rumors have been flying about town regarding the amount stolen. Some reports place the amount as high as \$20,000, and some as low as \$5,000. The money was in currency, and was in transit through the city. We understand that it was railroad money, and had been sent from different points. The shipment was intended for the Bank of Commerce in Chicago, and had been placed in the transfer safe in the express office. According to our information the money had been brought in by Messengers Harpole, Allen and Shepherd, and was receipted for by Allison the money clerk at the express office.

At the time of the robbery, the express office was unoccupied, all the employees being engaged in working the trains that had just come in. Some of the rumors concerning the case state that the robber or robbers entered the back door by forcing it open with a crow-bar, while other reports state that the sliding door was not locked, and was simply shoved open. As we understand it the money was in the transfer safe, and the party or parties who committed the robbery, unlocked the safe by picking the lock, no explosives being used to force it open. It is customary for the office to be left unoccupied while the employees work the trains, and Saturday night's procedure was the usual one.

It is understood that the express company has a number of detectives working on the case, but as to whether they have uncovered any clue to the robbery, express officials refuse to state. All express officials and employees absolutely refuse to talk about the affair, stating that they have orders not to discuss the case. Local officers are also working on the case.—Fulton Leader.

TO SETTLE FOR STATE ROAD WORK

Stahr, Nugent and Shaw Left Yesterday for Frankfort.

County Judge E. G. Stahr, and County Judge-elect Chas. D. Nugent, and Squire H. G. Shaw left yesterday for Frankfort, where they will meet with the state road commission.

The purpose of their trip to Frankfort and the meeting with the road commissioners is to settle up with that body for the balance of the funds due the county from the state for construction and maintenance of state roads in the county. Quite a nice sum of money is due the county from that source, and it is hoped that these members of our fiscal court will be able to extract the amount due from the road commission, although that body is a hard bunch to extract money from.

The three will be gone until the end of the week in their effort to persuade the road chiefs to settle up.

REDUCED RATE ENDS NOV. 12

Get New and Get The Courier One Year For \$1.00.

The time for the reduced rate on yearly subscriptions to The Courier will be over next Thursday, Nov. 12. This rate has been in effect since last Thursday. Since that time scores have taken advantage of the rate to subscribe, and old subscribers are coming in in great numbers and are having their time advanced under the special rate. The rate which is being made for subscriptions to The Courier during this limited time is \$1.00 for a year. Nothing less than a year is taken at this rate. If your time does not expire now, you may, however, have the time at which it expires set forward a year under this special offer.

If you have some friend or relative living away from Hickman who does not get The Courier, nothing could be more appreciated by them than a year's subscription to this paper. Why not have them put on our list for a year? It will cost you but a dollar.

BONDURANT-MILLER ROAD COMPLETED

The new road from Bondurant to Miller has been completed and is now in excellent shape. With this road a new way for a mail route is opened up, and it is right where one is needed badly. It is to be hoped that pressure can be brought to bear where it is necessary to secure a mail route through this section.

TUESDAY DAY OF GENERAL ELECTION

All but Two Democratic Nominees are
Unopposed.

Tuesday is the day of general elections. In Fulton County, the day, which heretofore has usually aroused little interest, will take on added interest through the fact that two of the nominees for county offices have opponents on the independent ticket. These are in the races for sheriff, and for magistrate of District Number 3, which includes the city of Hickman. The race for the sheriff's office, which is considered the chief prize among the county offices is between J. O. West, who won the democratic nomination in the primary in August over a field of twelve, and W. M. Whitnel, of Fulton, who was induced to make the race as an independent candidate against Mr. West. It is generally predicted that Mr. West will defeat his opponent by from two to one, to four to one.

The office of Magistrate in this district is also sought by two men. Henry Pollock, nominated to this office by the democrats in the August primary over S. A. Bassett, is being opposed on the independent ticket by W. T. Barton, the present incumbent of that office, who was appointed by Governor Morrow to fill the unexpired term of S. M. Pewitt, deceased.

The following democratic nominees are unopposed:

W. H. Hester, Circuit Judge.
Flavius B. Martin, Commonwealth's Attorney.

C. D. Nugent, County Judge.
Lon Adams, County Attorney.
Clarence Henry, County Clerk.
W. L. Hampton, Circuit Clerk.
Tobe Jackson, Jailor.

W. T. Coffey, Tax Commissioner.
Leslie Brice, Magistrate District No. 4.

W. T. Walker, of Clinton, Representative.

Of little less interest than the county races is that of the election of the school amendments, which will be voted on Tuesday. These have been widely discussed throughout the state, and great interest has attached to the outcome of the election on them.

In Hickman, the colored voters will also select the negro school trustees. This election was held last November, but on account of its not being advertised, not a single vote was cast for any of the candidates and therefore a second election was necessary.

The polls will open at all the precincts at 6 a. m. and will close at 4 p. m.

CITY ELECTION GAINS INTEREST

Two Tickets in Field for Members of
Board of Council.

The election of officials for the City of Hickman takes place Tuesday along with the county election. Interest in this race, which has not developed much interest until the present, has increased and a warm battle of ballots is anticipated Tuesday.

The following declared Democratic nominees for city council by reason of no opposition in the primary, R. M. Isler, C. G. Schlenker, E. R. Ellison, R. L. Bradley, L. N. Gregory and H. R. Campbell, are opposed on the independent ticket by Joe Morris, K. A. Mitchell, Lawrence McMakin, Porter Kelly, Will Swift and J. W. Jones, whose ticket is headed by E. A. Hammond for Mayor. Opposing Mr. Hammond for Mayor is another Independent, T. T. Swayne, who is running as the Citizen's Ticket. For Police Judge, W. B. Amberg, the democratic nominee, has no opposition.

The city races here have always been warm, and no departure from this custom is looked for next Tuesday.

DEM. SPEAKING DATES ANNOUNCED

Speaking to be held at Hickman To-
night at Courthouse.

The following speaking dates in the interest of the democratic candidates for county offices have been announced:

Thursday, Nov. 3, 7 p. m., at Walnut Grove, Mabry, McMurry, McNeill and Likins.

Thursday Nov. 3, 7 p. m., at Hickman, Frank Carr, Stenbridge, Davis and Smith.

Friday, Nov. 4, 7 p. m., at Sylvan Shade, Stahr, Moore and Smith.

Friday, Nov. 4, 7 p. m., at Brownsville, Roney, Finch, McNeill and McMurry.

Saturday, Nov. 5, 7 p. m., at West Hickman, Grissom's Store, Moore, Smith and Stenbridge.

Monday Nov. 7, 7 p. m., at Fulton, Herbert Carr, Moore, Stenbridge, Bank Gardner, Davis, Smith and W. J. Webb.

POLLS OPEN FROM 6 TO 4

In the general election Tuesday the polls will open at all the precincts at 6 o'clock in the morning and will remain open until 4 o'clock in the afternoon. This is true at all general elections. Do not get the time confused with that of the primary, when the polls remained open until six in the afternoon, but remember to vote before four o'clock.

NEW VERSION OF "OLD GLORY"

Englishman Offers Opinion That Stars
and Stripes Are Copy of East
India Company's Flag.

A new theory about the origin of
the American flag is told by the
writer of the By the Way column
in the London Daily Express. It is
said by a correspondent evidently
versed in such matters who expresses
the opinion that the attribution of
"Old Glory" to the arms of the Wash-
ington family is exploded.

"It is much more probable," he
writes, "that the flag of the old East
India company formed the pattern.
This flag seems to have been used as
the official flag of the 13 original
states from January, 1776, to June,
1777, when a blue canton charged with
13 stars was substituted for the cen-
ter, bearing the English 'Union.' The
flag then became, in substance, that
of today, though stars have been add-
ed as other states adhered to the fed-
eration." The correspondent quotes
authorities.

"Truth must prevail, whatever it is,
but," says the columnist, "I like the
story told by Newman in his address-
es to the Brothers of Oratory. There
was once an old priest, he tells us,
who for years began a certain part of
the service with the words: 'Quod
ore mumpimus.' One day a more
learned person heard him and after-
ward told him that the third word
should be 'mumpimus.' The old priest
admitted that it might be so, but," he
added, "I will not change my old
mumpimus for your new mumpimus."
I like the old mumpimus story asso-
ciating "Old Glory" with Solgrave
manor."

850 DISASTER DEATH TOLL FOR ONE YEAR

Red Cross Gives \$1,371,000 Re-
lief When 65,000 Families
Are Made Homeless.

Forty-three disasters, resulting to
the South in the United States of 850
persons and the injury of 2,300 called
for emergency relief measures and
the expenditure of \$1,371,000 by the
American Red Cross during the fiscal
year ending June 30, 1921, says an
announcement based upon the forth-
coming annual report of the Red Cross.
These disasters caused property dam-
age estimated at \$50,000,000, affected
sixty-seven communities and rendered
65,000 families homeless.

The year's disasters were of vary-
ing types, including several which pre-
viously had never been thought of as
falling within that classification.
The Red Cross furnished
relief in seventeen fires of magnitude,
five floods, seven tornadoes or cy-
clones, one devastating storm, three
explosions, including the one in Wall
street; one building accident, two
typhoid epidemics, the most serious be-
ing that at Salem, Ohio, which af-
fected 9 per cent of the population;
one smallpox epidemic, in the republic
of Haiti; one train wreck, the race riot
at Tulsa, Okla.; the flu in China;
emergency relief in famine among the
Indians of Alaska, the grasshopper
plague in North Dakota and an earth-
quake in Italy.

Pueblo Most Serious

By far the most severe of the dis-
asters in the United States during the
period covered by the Red Cross re-
port was the Pueblo flood early in
June, 1921. The rehabilitation prob-
lem confronting the Red Cross in
Pueblo was one of the most difficult
in recent years. When the first news
of the horror was flashed throughout
the country, the American Red Cross
National Headquarters responded with
a grant of \$100,000 for relief work.
Governor Shoup of Colorado, appre-
ciating the long and successful experi-
ence of the Red Cross in organizing
disaster relief work, placed the en-
tire responsibility for the adminis-
tration of relief in its hands.

In response to appeals from Pres-
ident Harding, Governor Shoup and
other governors of western states and
through local chapters of the Red
Cross and other community organiza-
tions, public-spirited citizens brought
the total contributed for Pueblo's re-
habilitation to more than \$325,000.

The terrible havoc wrought by the
flood waters is a matter of record.
More than 2,500 homes were affected
and 7,251 persons were left homeless.
Estimates of \$500,000 as an absolute
minimum for rehabilitation were made
by Red Cross officials in charge of the
relief work.

Fast Work in Wall Street

The Wall street explosion was no-
table in that relief workers of the Red
Cross were on the scene twenty min-
utes after the disaster occurred. The
race riot at Tulsa also was unique in
disaster relief annals in that outside
of a small emergency relief fund con-
tributed by the Red Cross, the only
relief measures outside the city con-
sisted of the service of social work-
ers, nurses and a trained executive
whose object was to assist local forces
in directing their own efforts.

In decided contrast with the pre-
vious year, only one tornado damaged
the properties of a major disaster.
This occurred on April 15, in the bor-
der sections of Texas and Arkansas
with the city of Terrell as the cen-
ter. The significant feature of this
disaster relief work was the fact that
it covered so much rural territory as
to make necessary a large number of
relief workers.

The famine in China, necessitating
relief expenditures totaling more than
\$1,000,000 by the American Red Cross
was by far the most serious of the
foreign disasters in which the Red
Cross gave aid.

Build Up Its Machinery

In connection with the adminis-
tration of disaster relief measures, an in-
creasing effective means on the part of
the Red Cross to deal with emer-
gencies was manifested during the past
year. In 729 chapters of the Ameri-
can Red Cross there have been formed
special committees to survey the re-
sources of their respective commu-
nities and to be prepared in case of
disaster. In others of the 4,622 active
chapters, a network of communication
has been formed through which instan-
taneous relief may be dispatched to
any part of the United States.

That its work in this field may be
continued with ever greater effective-
ness, the American Red Cross is ap-
pealing for widespread renewal of
membership during its Annual Roll
Call, to be conducted this year from
November 11 to 24.

LIFE SAVING CORPS ENROLLMENT 10,000

Growth of Red Cross Life Saving
Corps throughout the country con-
tinued unabated during the last fiscal
year, a summary of the year's
achievements by that Red Cross sec-
tion shows. There are now 100 Corps
with a total membership of more than
10,000 members, of which 1,250 are
sufficiently skilled in the work to act
as examiners. Among the outstanding
achievements of the Red Cross in this
field during the last year was the or-
ganization of the United States Naval
Academy, Annapolis, of which to per-
petuate the largest life saving corps in
the world.

The dear old press—I know it well—
it's covered o'er with grime—
But it prints that old home paper—
one of the good old time.

I look for it each week as regularly

PULLET SALE A GREAT SUCCESS

Friday was the day set for the pullet sale at Fulton and Saturday for Hickman. At each place the pullets came in from every direction in such numbers as to swamp the people trying to handle them. They were placed in coops and culled by J. R. Smyth from the Poultry Department of the College of Agriculture. The sales started each day at 1 p. m. The pullets were put in pens of from 6 to 10 pullets and sold to the highest bidder. Both sales were well attended and the people came to buy the pullets. It required about forty-five minutes at each place to complete the sale. The average price per pullet at Fulton was \$1.55 the price ranging from \$1.25 to \$2.00. At Hickman the average price per pullet was \$1.87, the prices ranging from \$1.50 to \$2.25. This shows that the purchase has come to have a new meaning and it is a great step forward in standardization. I wish to thank the people for their very splendid cooperation and I cordially invited them to join me in an effort to rid the county of scrubs and to double the profits from poultry. I wish also to express my appreciation of the fine spirit of the Brooks Boone Poultry Co. in paying considerably above the market for our cull chickens.

HOG KILLING.

It is now approaching that all important hog killing season and I am writing this article with the hope that it will be help ful at this time.

Care of The Hog Before Killing.—Your killing hogs should not have any food for at least 24 hours before they are killed. They should have all the good clean water they will drink as this will help clear the system of food and facilitate bleeding. Do not excite the hogs before killing the hogs as an excited hog never makes a good carcass.

(Scalding).—The proper temperature for scalding water is 185-190 F. If the water is too hot the hair will set and is harder to remove than if the water is too cool. A teaspoonful of lye or a shovel full of wood ashes to every thirty gallons of water will help.

(Curing).—The practice of curing meat with salt alone is the most common but certainly not the best. Salt, when applied alone to meat, makes it very hard and dry. It draws out the meat juices and hardens the muscle fiber and as a result you have a hard layer around the outside that is strong and impalpable. The following is a good mixture for curing meat and at the same time it retains its juices and flavor:

For each 100 pounds of meat use 7 pounds salt, 2 1/2 pounds sugar, 2 oz. saltpeter. Mix all these ingredients thoroughly, then rub 1/3 of the quantity of the mixture over the meat and pack it away in a box or on a table.

The third day break the bulk and rub one-half of the remaining mixture over the meat and again pack it as before. Break the bulk again the 7th day and rub the remainder over the meat and pack it to cure. Allow one day and a half cure for each pound of meat (for example a ham weighing 12 pounds should have 18 days' cure). This method requires more time than the salt-cured but the meat is far superior in quality and flavor and it will cure in less time. When the meat is cured it should be washed in lukewarm water and strung up for smoking meat. After smoking is completed the meat should be wrapped with heavy paper and placed in muslin sacks and strung up being sure to tie the sack very securely at the top to prevent the entrance of insects.

SOUR STOMACH INDIGESTION

Thacker's Black-Draught Right
Recommended by a Tennessee Governor for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The office (now) of Thacker's Black-Draught, the medicine, herb, liver medicine, is visited for by Mr. W. H. Parsons, a governor of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for my stomach, head, and liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Thacker's Black-Draught just as Mr. Parsons does—valuable in regulating the liver to the normal function, and in clearing the blood of impurities.

Thacker's Black-Draught liver medicine is the original and only genuine. Beware of imitations or substitutes. Always ask for Thacker's. R. C.

DISCUSS AMENDMENTS.

The Hickman teachers and those of the rural schools met at the court house Saturday afternoon. The meeting was held mainly for the purpose of an informal discussion of the amendments, Messrs. Calvin, Likins, Whalin and others taking part in the discussion. Nearly all present volunteered to work at the polls on election day.

It was voted that Fulton County teachers organize as a unit of the K. E. A. Mr. Calvin was elected president of this association, Mrs. S. N. Sweeney, vice-president and Mr. Likins, secretary treasurer.

The teachers attending were given credit for having attended an association meeting, required by law of all rural teachers.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

DENIES INSURANCE COMPANIES MAKE BIG PROFIT IN HICKMAN

In reply to an article in last week's Courier which gave the loss in the city limits of Hickman from fires as \$8,000 to the present date, and averred that this was indicative of a nice profit for the fire insurance companies, Messrs. Henry and Talley have submitted figures showing the amount paid in as premiums and the amount paid out through losses. The former sum is \$42,675.00 and the latter \$38,000.00, showing a loss of over \$12,000.00 up to September 1. This of course includes fires which have been outside the limits of the city.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablet you are not getting genuine Aspirin prescribed by physicians for many years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Rheumatism, Neuritis, Toothache, Grippe, Hay Fever, Neuralgia, etc. Beware of cheap imitations. Aspirin is the name of Bayer Manufacturing Co. of Germany.

FOLLOWING OUR LEAD.

Taking their cue from Hickman, a great many of the towns of this section are holding Community Fairs. Some have already had them; others are preparing to. Mayfield is the most recent of our neighboring cities to decide to hold a fair of this kind, theirs going under the name of an exposition. If they have the success which Hickman has had for the past two years, nothing will be able to induce them to give the idea up in future years. This yearly feature has done more than any other one thing to promote economic progress in Fulton County and it will be next to criminal not to continue to have fairs each year.

28 MILES OF CONCRETE ROADS.

Immediate construction of the 28 miles of concrete roads to be built in the Airline special road district south of Charleston will be possible if Congress will appropriate federal aid money to Missouri during the next ten days. According to the state highway department, road construction to the extent of between \$2,500,000 and \$3,000,000 will begin within ninety days if immediate action is taken in Washington. Mississippi County's project, involving the expenditure of \$747,000, being one of those included in the budget.

The fact that Missouri is ready to proceed with this work was announced Wednesday by Hiram Lloyd, lieutenant-governor, in a telegram to Secretary of Commerce Hoover who had previously wired the lieutenant-governor to inquire what road projects in Missouri could be started within ninety days if congress made prompt appropriations. The telegram said that this step had been suggested to President Harding by Hoover's commission on unemployment.

RECOMMEND D. JOHNSON AS CLINTON POSTMASTER

Among the eight candidates recommended by Senator Richard P. Ernst for appointment to presidential postmasterhips was David Johnson, who received a recommendation to appointment as the postmaster of Clinton. He has taken the examination and is eligible to appointment. Mr. Johnson is well known through this section.

From Union City comes the news that the Cumberland Presbyterian Synod of West Tennessee has decided upon the founding of a college, and that Union City along with McKenzie, Jackson and Memphis, is making a bid for the location there. According to the Union City News-Banner, this will mean an expenditure of something like one million dollars in Obion County, and capital to the amount of \$200,000 coming into Union City annually. It's worth going after.

FOR SALE—3 extra nice killing traps, bought about 500 pounds. See Mr. Sawyer.

WAR SECRETARY REVIEWS CASE OF OBION MAN

The determined action of Senator Kenneth McKellar and his personal appeal to Secretary of War Weeks Wednesday, will, it is believed, go far to ratify a grave injustice done by an army court martial to Carl J. Bryan, a Tennessee soldier, whose home is at McConnell, Obion County. He is under life sentence in the Federal penitentiary at Fort Leavenworth on a charge of murder committed at Benz, near Coblenz, Germany, although the record of the court marshal does not contain a scintilla of evidence to show implication of Bryan.

Together with four other soldiers, Privates Odell, Yangilder, Youngblood and Richardson, Bryan was convicted of killing an English ex-officer, which occurred June 20, 1920, during a brawl. Bryan, a soldier in the army of occupation, submitted a perfect alibi, showing he was at a place seven miles from the scene of the fight at the time it occurred. Notwithstanding this he was convicted, although none of the witnesses was able to identify him as one of the participants in the row.—Union City Commercial.

Mrs. J. C. Morrison and little daughter arrived last week to join Dr. Morrison, who began the practice of his profession here several weeks ago.

Kentuckians Vote "Yes" For Both Amendments

November 8th

and take Kentucky Schools out of the smother of Partisan Politics

The leaders and thousands of prominent men and women in both the Democratic and Republican parties throughout the state recommend it. Editors, statesmen, educators urge it.

It is not a question of politics.

All the progressive men and women in both parties agree that it is the thing to do—LET'S DO IT.

Important

The amendments are printed on the right side of ballot. They are not under any party emblem.

In order to be sure that your vote will be counted for the amendments it is necessary to stamp in the square "Yes", on the right hand side of each amendment.

A Million School Children In Kentucky Cry Out To You

Our existing educational system is old, obsolete and rendered inefficient by the manner in which our political system compels its administration. Progress has outgrown it. Other states have made the change and improved their educational systems 100 per cent by it. Kentucky children deserve no less.

This advertisement is paid for by patriotic Democrats and Republicans men and women of Kentucky who want the millions school children of Kentucky to enjoy the benefits of an educational system equal to all or better.

REMINISCENCES

FIFTY YEARS AGO

"The yellow fever is raging at Vicksburg as an epidemic. The authorities have requested strangers to remain away."

"There is a fine crop of nuts of all kinds in the woods this fall, and gunning among the squirrels ought to be splendid."

"The corn market is not yet fully opened. A few transactions at 40c."

"The Methodists are about erecting a new house of worship at Fulton station, which is in this county."

One of our prominent citizens promading Clinton street last Monday kicked over a \$130 pile of greenbacks and has not yet found an owner."

"There are now 128 pupils attending the Hickman free school. L. M. Boyle, T. M. French and Miss Emma Fuqua are the teachers."

A severe drouth was felt through Illinois. Grasses were parched and streams dried up that had never ceased to flow in the memory of the oldest inhabitant.

Considerable description was given to a "wonderful" machine that could talk, laugh and sing, an invention of Prof. Faber. (This machine was manipulated by pedals, bellows, etc., and was very crude compared with the graphophone.)

TEN YEARS AGO

"Monday night Master George Clint Ellison entertained quite a number of his little friends at a Hallowe'en party."

"There was a decided drop in temperature last night and real hog killing weather is with us."

"Thursday morning Elder James Vernon of Henderson began a series of revival meetings at the Christian church."

Will Bondurant and Miss Hazel Johnson were married at the home of the groom's sister, Mrs. Hardy Ligon.

At the election next Tuesday the names of six parties will appear on the ballot."

"One large bottom planter says he will lose 25 per cent of his cotton crop, because he will not be able to pick it fast enough."

"The sawmill, upper plant, of the Mengel Company, was put in operation Monday night. Both plants are now running day and night."

Hallowe'en parties were given at the homes of Misses Ruth Kimbro and Elizabeth Ellison, C. F. Baltzer and A. L. Dodds.

DUCK SEASON OPENS.

The duck shooting season opened Tuesday morning at eight o'clock at Reelfoot Lake and found many hunters from over the country on hand for the first shooting. Quite a good many of Hickman's Nimrods left Monday night and early Tuesday morning and this will be a source of great pleasure until the season ends Feb. 1st. The shooting this year was not up to that of the opening of the season last year due to the exceptionally warm fall, but with a few days of real cold weather, ducks will be coming in fast. Quite a number of the local sports started building a new club house a few weeks ago on what is known as Beaver Dam, just above the mouth of Big Slough, where it empties into the lake and this was completed last week. This is an ideal camping place, the club being fitted up to take care of sixteen men at a time, and will be occupied throughout the shooting season by different members of the club. They have their boats there, have made arrangements for a caretaker winter and summer and the camp will always be ready and open for them.

HICKMAN EVIDENCE FOR HICKMAN PEOPLE

The Statements of Hickman Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof. Public statements of Hickman people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here is a Hickman man's statement:

And it's for Hickman people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

W. M. Fry, painter, Johnson Ave., says: "I have had more or less trouble from kidney complaint for some time. I have found Doan's Kidney Pills the only thing that would give me prompt relief. When I had an attack I was lame all over, especially across the small of my back. If I stooped over, the muscles seemed to knot up. Doan's Kidney Pills have always cured me of the trouble. I would advise any one to try them if they have kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Fry had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mrs. Dee Henry, who has been ill for the past three weeks, is improving.

Oscar Siger, of Louisville, has been here for several days on business.

George Luga and Henry M. White have returned to Louisville.

BLUE WING CLUB.

Quite a detachment of the Blue Wing Club of Clarksville, Tenn., arrived here on last Saturday night and went down Sunday morning to Reelfoot Lake on their annual shooting and fishing trip. This club is earlier this year than usual, generally coming on the first day after the November election but a goodly number of them were on hand Tuesday for the opening of the duck shooting season. They own their own club house on Reelfoot Lake, having built it a number of years ago, and different members of their club visit the lake during the season. This club is composed of the business and professional men of Clarksville.

On last Thursday evening Mrs. C. M. Reynolds was the hostess of a delightful bridge party, entertaining at five tables. The house was a profusion of lovely late roses, dahlias and other fall flowers. After the games a salad course and hot chocolate were served. The guests were Mesdames C. B. Travis, Jessie Dillon, H. N. Cowgill, Sr., Joe Engel, Karl Talley, C. T. Bondurant, Herman Bradley, W. H. Baltzer, W. F. Remmenberg, Milton Spradlin, Edward Prather, Ellis Dobson, J. H. Millet, B. G. Hale, Jr., Henry Sanger and Russell Johnson and Misses Mary Moore, Carrie Maie Reid, Frankye Reid and Jane Binford.

ANCIENT TAVERN A LANDMARK

Constructed in 1818, It Stands as a
Monument of Good Work Done
by Its Builders.

One of the oldest and most historic
places in Painesville is Rider's tavern,
located one mile west of the town hall
on Mentor avenue, says the Paines-
ville (Ohio) Telegram. The old land-
mark was built in 1818 by Joseph
Rider, who is thought to be the third
inhabitant of Painesville. The tav-
ern is located on the old Cleveland-
Buffalo road, and was a stopping place
for the stage coaches in the old days.
The building, as one can imagine,
was built to stand the wear and tear
of the weather. The old place is
made of hand-hewed beams whose per-
fection and durability show the art
of the man who made them, both in
ability as an artisan and as a wood-
man.

The tavern was noted for its hos-
pitality, dance hall, cooking and bar.
Many a joyful event took place within
the walls. There were other taverns
in and about the locality and Mr.
Rider had to be on his toes in order
to capture all the trade he could. To
better insure his business Mr. Rider
built a road which is now Walnut
street, and which brought the weary
travelers directly to the door of the
building where they were sure of be-
ing shown to a good bed.

The building, as it stands now, al-
though in good shape for the time
that it has been built, is beginning to
show the effect of age.

The tavern has been an heirloom, as
it were, of the family since it was
built, four generations having lived
within the protection of its sturdy
walls.

WISDOM OF JOHN CHINAMAN

Instruction and Advice That Have
Been Current in the East for
Many Centuries.

The following bits of wisdom were
written 2,700 years ago and have been
very highly esteemed by the Chinese
people down through the centuries.
They are selected from the Chinese
"Four Books."

If a man himself does not walk in
the right path, it will not be walked in
by his wife and children. If he does
not order men according to the right
way, he will not be able to get the
obedience of even his wife and chil-
dren. To nourish the heart there is
nothing better than to make the de-
sires few. Here is a man whose de-
sires are few; in some things he may
not be able to keep his heart, but they
will be few. Here is a man whose de-
sires are many; in some things he
may be able to keep his heart, but
they will be many. To have fruits and
not to reform them, this, indeed,
should be pronounced having faults.
The philosopher Tsung said: "I daily
examine myself on three points:
Whether I may have been not faith-
ful; whether, in intercourse with
friends, I may have been not sincere;
whether I may have not mastered and
practiced the instructions of my teach-
ers." When we see men of worth, we
should think of equaling them; when
we see men of a contrary character,
we should turn towards and examine
ourselves.

Monday night, October 31, Halloween
night, was celebrated by the youngsters
of the city in the usual manner of
prank playing. This year's celebra-
tion seems, however, to have been the
mildest in years, only innocent pranks
being reported and no spirit of vandali-
sm having been manifested.

Explaining is Accusing.
The man himself is his own best ex-
planation and exculpation. If we are
not to be taken on trust for what
we are, all that we may say about
ourselves will not help much.

When a prisoner is arraigned upon
a charge of crime, the first effort made
in his defense is to procure character
witnesses. They tell of him as they
have always known him, to establish
the antecedent improbability that such
a man as his acts have shown him to
be would do the thing of which he
stands accused.

"Many doubts deserve not to be
cleared," said wise old Samuel John-
son. Public men, attacked for things
they never thought of doing, have
learned to be patient and keep silence
under a running fire of censure from
those who would be well pleased if
they could pull them down.—Philadel-
phia Public Ledger.

Credit Brahma With All Songs.
Hindus believe that Brahma, whom
their scriptures say is the creator of
the universe, also is the father of
music. He is described as wearing a
"crown of sound," and his followers
teach that he has delegated the su-
pervision of the music he evolved to
the goddess of learning, Saraswati.

To Saraswati is attributed invention
of the complicated musical instrument
the "vina." Vocal music in India dates
back to the chanting of the Sham
Veda. The Vedas were written about
2500 B. C. and contain references to
several musical instruments.

The Hindu system of notation has
seven notes and was perfected about
300 B. C., passing from India through
Persia to Arabia, and introduced into
Europe in 1022 A. D. by Guido d'Ares-
so, a Benedictine monk.

Rivers as Airways.

Just so long as we lack suitable
airways and airdromes, it appears
that the safest practice is to follow
our leading waterways, such as rivers,
canals, lakes, coast lines, and so on, us-
ing seaplanes for the purpose. In
this manner a pilot can always make
a relatively safe landing, as compared
with the airplane pilot flying over
rough country devoid of landing fields.
A number of rivers and other water-
ways have been surveyed with this
object in mind.—Scientific American.

STRANGE MANIA FOR DEATH

People of Russian Village Commit Suicide in a Body, and in Peculiarly Horrible Form.

A case of mass suicide is reported from the village of Opatovo, Russia, in the Tambov province, where the peasants to the number of more than 300, assembled together, men, women and children, in a spacious wooden bathhouse. Doors, windows and other apertures were hermetically sealed and nailed up. In the cellar firewood saturated with petroleum was in great quantities. Fire was set to the building. Everybody in the building perished in the conflagration, if not suffocated previously by the fumes. All around the building armed guards had been left, so that the dreadful sacrifice should be carried out undisturbed. When the awful thing was consummated the guards shot each other. A few men lost their nerve at the last moment and survived to tell the tale. This scarcely believable incident takes us back a long way. Mass suicide is not unknown in the history of Russia. Brought to despair by administrative persecution or to escape famine and epidemic, entire villages have committed wholesale suicide. Often this was the result of religious fanaticism. Peter I, who was somewhat Bolshevik in the enforcing of his reforms, was met in northern Russia by numerous confagurations involving hundreds of deaths. As late as the reign of Alexander III a case occurred in the south when a crowd of fanatics allowed themselves to be buried alive by their religious teachers.

Bulgaria Has Queer Taxes.

The peasants are now firmly established in power in Bulgaria and legislative bodies, both state and provincial, in which their representatives are in the majority, are engaged in transferring the burden of taxation to the shoulders of the despised city folk.

The district council of Rousschouk has evolved the following taxes which it styles "American":

For carrying a parasol 50 leva; (nominally worth 19 cents each), yearly; for wearing skirts more than eleven inches above the ground or silk stockings, 500 leva; for wearing gloves between April 15 and September 15 without a doctor's certificate, 200 leva; for wearing jewelry, 500 leva; for keeping pet dogs, 500 leva; for use of walking canes by persons less than fifty years old in good health, 100 leva; for wearing shoes with tops exceeding eleven inches in height, 200 leva; for wearing fur tippets or muff, 500 leva; and for using a baby carriage in cities, 200 leva.

To Stop a Cough Quick take HAYES' HEALING MONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING MONEY. Each remedy is packed in one carton and the cost of the combined treatment is 10c. Just ask your druggist for HAYES' HEALING MONEY.

PLAY PIANO WITH HAMMERS

Remarkable Musical Instrument That is a Feature of Prominent London Roof Garden.

The orchestra of freak instruments which plays on the Italian roof garden of the Criterion restaurant, London, has been re-enforced by a wildly eccentric piano, which is 12 feet long, and has to be played with hammers.

This is the closest description which one can give of the Marimba, the modern successor of the barbaric gourd piano of the native races of Peru and Chili.

Its keyboard is constructed of a series of rosewood bars, under which are fixed rosewood metal resonators. The player smites these with his hammers as vigorously as though he were breaking stones, and they yield notes deep and sonorous as those of a cathedral organ.

The specimen on the Criterion roof garden is the only one in England.—London Tit-Bits.

Mosque in American City.

The followers of Mohammed in Detroit recently took part in a double celebration, the dedication of their new mosque, the only one in the United States, and the observance of the feast of Id-ul-Fitr, which marks the end of a 30-day fast. The Mohammedan mosque is still incomplete. Rugs were strewn over the earth floor, and on these Detroit's Moslems, with shoes removed, knelt in prayer. In the line of march that bore the banners of America, Arabia, Syria and Turkey, were the sheiks Kaziel Bilzy and Hussien Karoubi and the special missionary to America, Dr. Mufti Muhammad Sadik, lately come from India. Bedouins in native costume followed the sheiks. Something of the spirit of Christmas with its greetings, its exchange of presents and mutual well-wishing followed the return of the procession to the mosque. The celebration continued for three days.

HER FONDNESS

"Is your wife fond of moving pictures?"
"I should say she is. Scarcely a week goes by she doesn't make me get on the stepladder and change 'em all about."

As to Cerebral Structure.

So far as cerebral structure goes, it is clear that men differ less from the chimpanzee and orang, than these do even from the monkeys, and that the difference between the brain of the chimpanzee and of man is almost insignificant, when compared with that between the chimpanzee brain and that of a lemur.—J. W. Corey, M. D.

Gild Concelt of Himself.

Mother was telling her caller how she had sent one of her six-year-old boy's bright remarks to a newspaper and received a dollar for it, when the little fellow entered the room. Overhearing her, he said: "Mother, if you'll just listen to all I say and send it to the paper you'll make enough to support the whole family." — Boston Transcript.

\$19.75 to \$29.50

As every one knows, the season has been backward, with Summer weather prevailing in late Fall. We purchased our immense stock of Fall Dry Goods, Shoes and Ladies' Ready-to-Wear to sell in September and October, and it is still unsold. The farmer had his ups and downs—cotton crop short and corn bringing the lowest price known in years. We will meet every one on half way ground in a business way. We will offer our entire stock of good, dependable merchandise at CUT PRICES. It is your good fortune. The prices will be shattered at the very beginning of winter. AND REMEMBER, while we are making this great sacrifice now, the wholesale prices have been increasing. But here it goes—a repeater of Dobson's last June Sale. Do you remember the crowds that thronged the store? They found the bargains that were advertised and came back and brought their friends with them.

"THE STORE THAT LEADS"

Illinois Central System's Territory Leads the Nation in Production

The Illinois Central System, extending from the great Lakes and the upper Missouri River valley along the Mississippi River to the Gulf of Mexico, serves the most productive district in the world. This wonderfully fertile territory, drained by the nation's three greatest water systems—the Mississippi, Missouri and Ohio rivers—furnishes the raw material to feed, clothe, shelter and warm many millions of the world's population.

The fourteen states which are directly served by the Illinois Central System's 6,233 miles of railway lines are:

Alabama
Arkansas
Illinois
Indiana
Iowa

Kentucky
Louisiana
Minnesota
Mississippi
Missouri

Nebraska
South Dakota
Tennessee
Wisconsin

These fourteen states are less than 30 per cent of the number in the Union. Their territory of 797,793 square miles is only 26.3 per cent of the total area of the United States. But how much greater are the percentages which show their leadership in the substantial things of the world!

Forty-five per cent of all the farms in the United States are located in these fourteen states, and in 1920 they produced crops valued at 39.2 per cent of the total valuation of all the farm crops of the country. The farms in these fourteen states are equipped with farm buildings valued at 46 per cent of the valuation of all the farm buildings of the country, and with farm machinery valued at 46.3 per cent of the nation's total.

In practically every farm crop these fourteen states as a whole take a pre-eminent leadership, despite the great variety of climate and soils encountered between South Dakota and Louisiana. In 1920 they produced 65.9 per cent of all the corn, 30.7 per cent of all the wheat, 62.4 per cent of all the oats, 45.3 per cent of all the barley, 49.1 per cent of all the rye 30.9 per cent of all the white potatoes, 45.6 per cent of all the sweet potatoes, 39.8 per cent of all the tame hay, 61.3 per cent of all the wild hay, 27 per cent of all the cotton, 63.7 per cent of all the rice and 42.5 per cent of all the tobacco produced in the United States.

The Illinois Central System's territory also is a leader in livestock production. The fourteen states on January 1, 1921, contained 46.8 per cent of all the horses, 49 per cent of all the mules 43.1 per cent of all the cattle, 19.3 per cent of all the sheep and 62.2 per cent of all the swine on the farms of the United States. The aggregate value of the livestock in the fourteen states was 41.4 per cent of the aggregate value of the livestock on all the farms in the country.

In addition to farm leadership, the fourteen states served by the Illinois Central System produced 37.5 per cent of all the lumber and 34.5 per cent of all the bituminous coal produced in the country during 1920.

The Illinois Central System is proud of the magnificent territory which it directly serves with transportation. Transportation is the factor which gives real value to the excellent production of these states. We are constantly endeavoring to contribute our part toward making this territory of even greater productive value, especially by rendering a service of satisfaction to our patrons. We are eager to be of service because that is the end for which the Illinois Central System exists.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.

Drunkness and profanity on the streets of Hickman seems to be on the increase, so much so that on Saturday or Sunday nights it is almost impossible to walk down Clinton or any other business street of the city without seeing several drunks reeling their way along. Last Saturday night one of these drunks punched the streets for an hour or two unable to make two steps in the same direction and was un-

tested. It's time some steps were being taken to suppress some of this rowdiness.

ROPER DISTRICT NEWS.

Miss Lou Troutwine and Mr. and Mrs. Richard Sermones of Union City, spent Saturday night and Sunday with Mr. and Mrs. T. N. Clark.

J. P. Thomas was in Memphis on business a few days last week.

Mr. and Mrs. Will Fields and children, Albert, James and Buel, accompanied by Mr. and Mrs. Ernest Fields and baby of Hickman, spent Saturday night and Sunday in Mayfield at the home of Will Fields' brother, A. D. Fields, and attended a birthday dinner which was given in honor of Mr. Fields. Charlie Noonon has been on the sick list.

J. P. Thomas and son, Russell, and Mr. and Mrs. Arthur Fields and daughter went to Mayfield Sunday and attended the birthday dinner given in honor of Mr. Fields' father, A. D. Fields. A large crowd was present and every one seemed to enjoy the day, especially the dinner.

Mrs. Bernice White, of Cayce, spent Monday night and Tuesday with Mrs. James McGehee.

Mr. and Mrs. Charlie Noonon and little son, Edwin, were in Hickman Friday.

Harvey Pruett, of Gardner, Tenn., spent from Wednesday to Saturday with his uncle, W. W. Pruett and family.

Our friend, Dan Davis, received the surprise of his life Sunday when almost the entire congregation who were at Bush Creek Church that morning went home with him and his good wife for dinner. We suspect Mr. Davis was wondering how he was going to feed the crowd on such short notice, but when he got home and saw long tables arranged in the yard, and the people began to take well filled baskets and boxes into the house the thought came to him that he had a birthday, and all this had been planned in his honor. It was such a pleasure to Mr. Davis to see so many of his relatives and friends present, and to be remembered by them in this way that he seemed many years younger than he really was. The tables fairly groaned under their load of good things to eat and all present seemed to enjoy the day. Here's wishing Mr. Davis many more happy birthdays.

Those present were: Mr. and Mrs. Felix Davis and Wess Davis of Fulton, Rev. and Mrs. W. A. Baker and children, Cecil and Hattie, and Mrs. Clara Carr and daughter, and Miss Virginia Bondurant, of Cayce; Dr. and Mrs. Mahan and Johnnie Mahan and family, of Moscow; Mr. and Mrs. J. J. Seay, Mr. and Mrs. Green Adams, Mrs. Albert Roper, Mrs. Mollie McClellan, Mrs. Sue Bransford, Mrs. Fannie Henry, Mrs. Willie Bondurant, W. H. Treas, Mrs. J. P. Thomas and daughter, Mr. and Mrs. Leonard Binford and children, Mr. and Mrs. Walter Crostic, Mr. and Mrs. Albert Jones and children, Mr. and Mrs. J. B. McGehee and children, Mr. and Mrs. Dick Bransford and children, Mr. and Mrs. Harry Sublett and children, Mr. and Mrs. Martin Bondurant and children, Mr. and Mrs. Elmer Robertson and children, Mr. and Mrs. Lee Davis and baby, Mr. and Mrs. Rob Adams and children, Mr. and Mrs. Joe Aswell and baby, Mr. and Mrs. Ray Adams and children, Mr. and Mrs. James Roper and children, Mr. and Mrs. Elmo McClellan and children, Mr. and Mrs. John R. Lunsford and daughter, Mr. and Mrs. Allison Owens and children, Misses Effie Felds, Margie Rushton, Jessie Mai Scott, Daphne Mabry, Charlie and Mary Noonon and Messrs. Walter Lute and Roper Fields. There were 112 present.

CHARITIES CLEAR \$73.84.

By means of the Halloween party at the Elks Club last Friday night the United Charities and Girls' Friendly Society cleared \$73.84. A large crowd was present at the party and many novel means of entertainment were provided. Various kinds of refreshments were served and the entertainment was enjoyed by all those who attended. Ray Hamby received the prize for the best costume, being dressed as a young lady.

ENTERTAIN W. M. A.

The Woman's Missionary Auxiliary of the Methodist Church were entertained Monday afternoon by Mesdames E. F. and Mamie Mikel, at their home on Magnolia street.

This was the regular meeting day of the Auxiliary, but it was also made a special occasion for honoring Miss McConnell, its president, whose birthday occurs on this joyous and "spooky" day of the year, October 31st.

Following the business session, which was opened by the reading of Prov. 31, (supposedly the birthday chapter for women), a delightful program was given, consisting of readings and music, both vocal and instrumental. This social feature was added to by the serving of most appetizing refreshments, ending with delicious fudge.

Wishes were tendered Miss McConnell that many more such happy occasions might grace her natal day, and appreciative thanks extended the two hostesses, for a most enjoyable afternoon.

FEIBLE BLOOD WORKS HAVOC

Gude's Pepto-Mangan Makes Red Blood
Liquid and Tablet Form.

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easy recognized by pallid skin or a bluish complexion, loss of appetite or unnatural irritability and a sensation of weakness. It is not dangerous at first. In fact, many people scarcely notice it and go on for days, thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease, which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan are a great help. It improves the quality of the blood by adding red blood cells. They check the weakness, improve the appetite, and clear the complexion.

You can get Gude's Pepto-Mangan in liquid and tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package. Advertisement.

FARMERS ARE GOING TO FIGHT TO A FINISH

A fight to a finish against a continuance of the present assessment of farm lands was declared by several hundred farmers called Saturday by the Shelby County Farm Bureau. The organization now has 253 members owing 41,463 acres, or about one-fourth of all the land in the county.

Various plans were suggested, but however much the farmers differed on other measures of relief proposed, they were a unit in demanding that County Judge E. T. Pollard appoint on the county board of supervisors men of their own selection, whom they can rely on to resist any increase the State Tax Commission might make, which in their opinion may be unjustifiable.

Judge Pollard's failure to agree to accept this board, when their names were presented to him by a committee, called forth censure from several speakers.

Summoned before the meeting and invited to state his position, Judge Pollard stated that it was not the custom to name the board before January and that he had declined to commit himself now for the reason that he would be more fully advised and better prepared to act intelligently than now. He

said further that his private interests were identical with theirs and that if he could be convinced that the plan they proposed offered a reasonable chance of success, it would have his full cooperation.

Other speakers, notably L. C. Willis, dean of Shelbyville bar and a large land owner suggested that the root of the evil was in the extravagant expenditure of public money, and suggested that the remedy for excessive taxation lay in a closer scrutiny of county and state expenditures. He also pointed out that the taxpayer who is aggrieved by his assessments has recourse to the courts, as was shown at the last term, and recommended action along that line.

The Shelby County Farm Bureau previously had adopted a resolution urging the land owners to reduce their assessments 33 1-3 percent from last year's valuation, and a vote taken indicates their purpose to pursue that policy. In response to a call for those in favor of "fighting" to stand up, practically every man in the audience arose. —Carlisle County News.

YOU CAN'T TRUST CALOMEL AT ALL

It's Quicksilver, Salivates, Causes Rheumatism and Bone Decay.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Showers of Toads and Fish.

It is on record that toads and small fish have fallen from the clouds. Such occurrences have been explained by the supposition that the objects were taken up in violent whirlwinds and, perhaps, transported a considerable distance before they were dropped to the earth.

Child's Call Reached Mother.

Although she has no knowledge of the occult or thought transference a mother heard the cry of her child, nine miles away. The woman together with her husband was sent to jail in Chicago, because they were unable to produce a note for \$700, necessary to the settlement of an estate. A month dragged by and there was no one to care for the three children, six, four and two years old. Social service workers finally took them to an orphan asylum. Henry, four, became ill and was taken to the isolation hospital. At about the same hour his mother, unaware of what had been done, became hysterical in the jail and declared her child was dying and calling for her. Jail authorities thought her demented and transferred her to the jail hospital. Social service workers went before the judge the next day and told him all three children would die unless their mother was restored to them, and he ordered her immediate release.

Water Needs of Dahlias.

As a general rule dahlias should never be watered. With good cultivation, enough moisture will be found in the soil to stimulate the roots' growth. In seasons of protracted drought, if they show any signs of wanting water, give it freely; enough to penetrate a foot below the surface. Superficial watering is worse than none at all, and this applies to other plants as well. More damage is done by such watering than when none is given.

Record for Gluttony!

An ex-alderman of New York ate, alone and unassisted, eleven pounds of beef-steak and twelve lamb chops at a dinner of the Federal club. The ex-alderman weighed 360 pounds before taking on the cargo. Is this a record?

Bibulous Rats.

Two rats were found absolutely intoxicated in the cellar of a Beaconsfield (Eng.) house. The rats had nibbled through the corks of four bottles of port wine and consumed the contents.

Long Spell of Sleeping Sickness.

An extraordinary case of sleeping sickness is reported from Habourdin, near Lille, France, where Mme. Delaharge has been in a state of lethargy for five months. She gave birth to a child last month and the doctors expected this would put an end to her long period of sleep, but she still slumbered on unchanged. The child was in every way normal and in excellent health.

Big Prices for Old Laces.

Old lace sequestered during the war as the property of a German has been sold at the Central Paris auction room and record prices were reached. An eighteenth century altar front in Venetian point, just six feet in length, fetched \$6,340, or \$3,170 per yard. A small tablecloth with Venetian point fetched \$1,000.

First World Poultry Congress.

Nine countries have already accepted invitations to take part in the first world's poultry congress, which is to be held at The Hague next September.

Only Difficulty He Found.

Her chief object was to make a fool of the latest fashionable philosopher. "Tell me," she cooed, "don't you find it a little difficult sometimes to write all those hard things about women?" The philosopher regarded her with impartial eyes. "There is a certain difficulty, madam," he replied; "but it is purely one of selection."

COOPER-ELLEDGE.

A surprise wedding was that on Saturday night of Miss Mabel Elledge age 21 years, to Walter Cooper, age 29, an employee of the Mengel Co. The Rev. Mr. Jenkins performed the ceremony. Both young people are residents of West Hickman.

SMOKES COB PIPE.

Kansas City, Mo., Nov. 1.—Seated in the drawing room of the residence of Mr. and Mrs. I. R. Kirkwood, where he has been billeted during his stay here, Marshal Ferdinand Foch today declined a cigar and in its place he filled with his favorite French tobacco one of the cob pipes presented to him yesterday while passing through Washington, Mo.

Leaning back in his chair, the marshal of France puffed away with all the contentment of a native of the Ozarks.

The ladies of the Christian church will hold their Christmas Bazaar in the St. Louis Furniture Store, December 2.

The United Daughters of Confederacy will meet at 3 p. m., Tuesday at Miss Allie Dadds' residence.

Mrs. M. M. Tulloss is on the sick list.

FULTON COUNTY FOR THE MAJORITY

Tuesday the Democrats of Fulton County will be called upon to support a regularly elected nominee for the office of sheriff against an independent who has been put in the field to defeat him. This nominee is J. O. West. He was duly nominated and it is the sworn duty of every Democrat in this county—if he is worthy of the name Democrat—to support him.

Claims are going the rounds which the opposing camp has waited until the close of the campaign to start, muddling of the vilest sort. It is well that the Democratic nominee has not indulged in this sort of thing for the time has come when good citizens no longer listen to it.

The Democrats of the county have selected their standard bearer for the office of sheriff and to support him is their only course. He is an honorable man whom political persecution has sought to defeat.

We believe that there are very, very few who claim to be Democrats in Fulton County who are going to desert the party banner on this occasion and seek to defeat the regularly elected nominee. Next Tuesday is the day to show whether it is going to be "Fulton County for the majority", or "Fulton County for the few." Your vote will help decide.

PRIVATE LESSONS IN SHORTHAND

Will take a limited number of pupils to learn Gregg System Shorthand. Will fit pupils for office positions. Other courses will be added if desired. If interested call at LaCade Hotel for Mrs. Ben Bondurant.

ATTENTION SAVANNAH LIGHTS.

There is a government check for \$182.00 waiting for one Savannah Lights, whenever she will make her appearance to claim it. This is money due from the government and is a final payment check. Anyone knowing of the whereabouts of Savannah Lights will please notify Mrs. Lawrence McMakin, of Hickman, or Mrs. Credle, of Fulton, in charge of the home service of the Red Cross.

CLINIC NOV. 22.

The second trachoma clinic for Hickman will be held Nov. 22, instead of the date announced in last week's Courier. The change in the date was made necessary through the inability of Dr. McMullin, the trachoma specialist, being present earlier.

Groceries—Battersworth.

Two Nuisances.

"Is there anything worse than to hear a business man on the line eternally talking shop?" an exchange asks. There is, brother—to hear a business man in the shop eternally talking golf.—Boston Transcript.

Mrs. T. M. French and daughter, Margaret Mason, are spending a few days in Memphis.

The local chapter of the O. E. S. will have a call meeting tomorrow (Friday) night.

Crippled Dogs Survive.

Two dogs with only two feet apiece belong to a New Brunswick farmer. One of the dogs had his hind legs cut off by a mower. When in a hurry the dog would gather up its hind paws and run along for eight or ten rods at an amazing speed, and without touching its stubs to the ground. The other dog used to follow a plow, and last the use of two legs for some days. The crippled legs being foreleg and hindleg on the one side would seem to make progression impossible. However the poor animal followed the plow as usual on its two good legs for one morning, but was so tired at noon that he did not try it again.

Remarkable Bricks.

Bricks that float are made from an earth found in Denmark, which is impregnated with the fossilized remains of diatoms, a very minute form of life. Brought to Colchester, Eng., the earth is baked into bricks, which are said to be fireproof and soundproof.

Another novelty is the Frewen cavity brick, 1,800 of which take the place of 20,000 ordinary bricks. The hollow spaces in these bricks are linked in every direction, thus providing constant circulation of air through the walls of the house.

Dead Man Appointed to Office.

Citizens of Milford, Conn., forwarded a petition to Governor Lake for the appointment of a "live" man as harbor master for the district. The governor recently reappointed Alonzo Burns as harbor master. Burns has been dead a year and his name appeared on the list through an oversight.—Exchange.

Eye Teeth This Child's Specialty.

A nine-month-old boy at Plaster Rock, N. H., has cut two eye teeth and has not another tooth in his head. The child is reported to be perfectly healthy and normal in every other way.
